

Positively radiant

Light up your life with contemporary lamps by West Norwood-based Tay Lighting. The company, which has been supplying exclusive designs to high-end stores for over six years, launched their online retail site earlier this summer. Each lamp is handmade by skilled artisans and either intricately hand painted or decorated with natural shells from sustainable sources.

Woodwork

Wood is not only one of the longest lasting flooring materials; it's the only one that improves with age. It can also be revived through re-sanding and refinishing to match your changing

tastes. Floor Sanding & Restoration Ltd specialises in sanding and finishing, parquet restoration and the installation of new solid wood floors. Members of the Guild of Master Craftsmen, they've got perfection whittled down to a tee.
